Please refer to USPS witness Abdirahman’s response to Interrogatory MMA/USPS-T22-19. He was asked to provide the average mail processing hourly wage rate and premium pay adjustment factors for First-Class and Standard mail for several fiscal years. His response did not provide the requested information. Instead, he referred generally to testimony in several rate proceedings. In addition, USPS witness Abdirahman stated his understanding that (1) wage rates are only calculated for the base and test years of rate cases, and (2) test year premium pay adjustment factors are never calculated for test years.
