In response to Interrogatory MMA/USPS-T1-1, USPS witness Czigler indicates that the Postal Service still collects cost data for First-Class and Standard Regular Nonautomation and Automation letters separately. Please provide the cost pools for these rate categories for BY 2005 and TY 2008 in the same fashion as you have for other categories using the USPS costing methodology (similar to Library Reference USPS-LR-L-53) and using the PRC costing methodology (similar to Library Reference USPS-LR-L-99).
