* Prior to 1971 rates were set by Congress and were subsidized by the government. They were not based on Postal Service costs as they are today.

** The postcard rate remained at 20 cents from January 1, 1995 up to July 1, 2001. On January 10, 1999, however, a stationery fee in addition to postage was added for preprinted stamped

cards supplied by the Postal Service. Cards purchased elsewhere require only the applicable postage.
